SUMMARY

Highly motivated and dedicated student pursuing a Diploma in Information and Communication Technology with a specialization in Software Engineering, actively seeking an industrial training opportunity in IT or related fields to apply theoretical knowledge and acquire valuable practical experience. Committed to continuously enhancing proficiency in HTML, CSS, JavaScript, PHP, React, and Sass languages, to expand knowledge and skills in software development. Available to commence industrial training from 9th October to 1st December 2023.

AREA OF INTEREST

- Web Development
- Software Engineering
- Project Management
- Software Testing
- Machine Learning
- Data Science

EDUCATION

ASIA PACIFIC UNIVERSITY OF TECHNOLOGY & INNOVATION *September 2021 - Present*
Diploma in Information and Communication Technology with specialism in Software Engineering

- Current CGPA: 3.46 (Fourth Semester)
- Related Subject:
 - Web Development, Introduction to Software Engineering, Database Systems, and Networks and Networking.

SEKOLAH MENENGAH KEBANGSAAN KUALA KUBU BHARU *2016 - 2020*
Sijil Pelajaran Malaysia (SPM)

- 4A+ 1A 3B+ 1B (Science Stream)

PROJECT

REACT STRIPE LANDING PAGE CLONE (SELF PROJECT)

- The project objective is to practice using common React hooks included useRef, useEffect, and useContext to create advanced interactivity.
- The functionality includes web responsiveness that allows navigation using a floating sub-menu on larger screens and a modal menu that opens with a hamburger icon on smaller screens
- Developed on React and deployed on Render.
 - Source Code: <https://bit.ly/stripe-github>
 - Website: <https://stripe-clone.onrender.com/>

ELDERLY HOME MANAGEMENT SYSTEM (ASSIGNMENT PROJECT)

- The project objective is to provide web-based solutions to improve communication between the elderly and the services offered by contractors for our client, a social welfare group.
- Developed the front-end using HTML, CSS and JavaScript and the back-end using PHP and MySQL.

- Provided stylized yet easy to use website for our user with the emphasis on the elder's user experience.
- Managed the user's information, authentication and payment process prioritizing safety and security.

EXTRA-CURRICULAR

Youth Mental Health Workshop (Participant)

January 2023

- Organized by the Institut Penyelidikan Pembangunan Belia Malaysia and UNICEF in collaboration with the Ministry of Health.
- Discussed the mental health issues among Malaysian youth to provide solutions and increase mental health awareness.
- Learned how different entities dealt with mental health issues and gave input on ways to combat mental illness and stigma.

SRC Movie Night (Event Committee - Secretary)

April - December 2022

- Organized by the Student Representative Council, allowing students to enjoy their time after a week of hectic student life.
- Responsibilities include preparing meeting minutes, coordinating transportation and venue bookings, and occasionally facilitating during the movie sessions.
- Successfully running the event bi-monthly for 9 months, with an average attendance of 90 people.

Hangout and Games (Committee Member - Project Manager)

May 2022

- Organized by my class as subject requirement to connect student's post-pandemic, especially those who struggled to make friends due to their inability to physically attend the campus.
- Supervised the departments and assisted them when necessary, created paperwork and documented project reports for the event.
- 42 participants joined the two hours event making new friends while having fun at the same time.

COMPETENCIES

- | | | |
|-----------------|---------------|-------------|
| • Dedication | • Flexible | • Attentive |
| • Collaborative | • Inquisitive | |

TECHNICAL COMPETENCIES

- Basic: HTML, CSS
- Programming Language: JavaScript, PHP, Python.
- Library and Framework: TailwindCSS, React and Sass.
- Design: Prototyping, Wireframing/UML, ERD designs.
- Source Control: Github and Git.
 - Profile link: <https://github.com/izie-dushara>
- Database: MongoDB, NodeJS, Express, MySQL, Firebase

LANGUAGES

- Fluent in Native and English languages.
